Nightingale Infant and Nursery School

11.10.23		
Present:	9:10 - 9:40	
11.10.23	Natalie Gross	
	Naila Ali	
	Hannah Russell	
	Catherine Cavender	
	Sara Arend	
Apologies:	Kerry Willis	
Item:	What is going well?	 Actions: Children like the FLOCK tokens and weekly assembly certificates Consistency of staff – knowing who people are, and what their roles are. Newsletter – parents are really happy with this. Suggestion that we could send out information about what children will be learning this week on a Monday so that parents can support their child at home during the week. Could this be done on Weduc? MW to explore this. Parents like the Flockstar of the half term – children feel special and like the surprise element. SLT and wider staff are all approachable.

	Three things that you hope will improve over the next year and how would you suggest we do it. One thing that has been particularly disappointing and what can we learn from it.	 How we share what children have been doing at school/what they will be learning. Parents would enjoy coming in to school more – children sharing their work – class assemblies/cafes. Parent readers Additional check in meeting for parents between parents evening 2 and report if the child is having any difficulties with their learning or behaviour. Encouraging staff to contact parents for check in about child progress if any concerns arise. Parents are happy that children are now in year group classes and no longer mixed. Children seem happier with this too. Communication about staff leaving/moving/long term absent – communication around this if it happens again.
AOB	Agenda items for the next meeting	- Newsletter/sharing of children's learning.
