

Nuthatch Nursery

Autumn Term 1 2023

All About Me!

This half term in Nuthatch Nursery, we will settle into our environment, explore all of our play spaces and get to know new friends and grown-ups. We will look at ourselves, our emotions and our senses. Later in the half term we will look at Autumn and Harvest.

Ideas for extending learning at home:

- Talk about how you feel at different points of the day. Remember it is okay to feel sad or cross!
- Talk about your senses- I wonder how this feels/smells/tastes/sounds/looks?
- Talk about what makes you unique and special. Remember everybody is different and that's what makes us amazing!
- Explore the season of Autumn. Can you make a leaf picture from leaves that have fallen on the ground?
