

Nuthatch Nursery Spring Term 1 2024 You Choose!

This half term in Nuthatch Nursery, our theme will be 'You Choose', based on the book of the same name. This means we will be planning following the children's interests at the point in time. We could be learning about pirates, dinosaurs, space, the world is our oyster!

We will also be talking about the season Winter and our focus story, following our Talk for Writing scheme, will be The Little Red Hen story. We will learn to retell the story ourselves using actions and a story map.

Ideas for extending learning at home:

- Read The Little Red Hen at home. Can you find different versions of the story? Can the children retell the story to their adults at home as we learn it in school?
- Make your own bread! Talk through the recipe step by step, practice kneading the dough and use those fine motor skills, decide which shape you would like your bread to be and learn to measure the ingredients.
- Get outside and go for a winter walk! Use your senses to explore what you can see/smell/hear/feel!
