survive  
adapt  
energy  
predator  
prey  
producer  
consumer

## RE

## Computing -Programming Quizzes

### Vocabulary

sequence  
commands  
predictions  
code

# Home Learning

These tasks are optional and can be completed throughout the half term at your own pace. Homework projects can be handed in at any time, and will be shared in class to celebrate.

Challenge	Let's get busy!
Writing	Can you write a poem about a whale or the ocean. Try using alliteration in your poem and think about adjectives, similes and repetition.
Exploring	Can you name and locate the seas around the British Isles? Have you been on or across any of these seas? How could you travel across them?
Story time!	There are lots of books available, both fiction and non-fiction, all about Whales and Oceans. See which books you can find in your home or your local library. We would love to hear about any of your favourites in school!
Research	Can you test different materials to find which are waterproof? Can you use a waterproof material to cover an object and keep it dry at the bottom of the sink or bath?
Let's get messy!	Can you design and make a vessel to explore under the sea? It does not actually have to be able to go under water, but you can try to build something that could!
Threats to our Oceans	What are the problems facing the world's oceans? What can we do to help?
